MEANING OF SYMBOLS

Separate collection of WEEE

Do not dispose of used equipment with household waste.

CE marking

Manufacturer's declaration of conformity with EU requirements.

Read the manual

Safety and operating rules before starting work.

Wipcool PPC-42 user manual

The Wipcool PPC-42 PVC Pipe Cutter is designed for manually cutting PVC, PPR, PE and PEX pipes, multilayer aluminium and plastic pipes, and rubber hoses.

The user manual is an integral part of the product. Please read this manual carefully and follow all instructions strictly.

Symbols and conventions

01

Notice - risk of damage to the tool or an incorrect result.

Safety information

- Hold the cutter by the handles; do not touch the cutting edge or put your fingers between the blade and the pipe.
- Before use, check the tool for visible damage. Do not use a damaged cutter.

> **CAUTION**
> Do not cut steel pipes or electrical cables, as this may cause serious damage to the cutter.

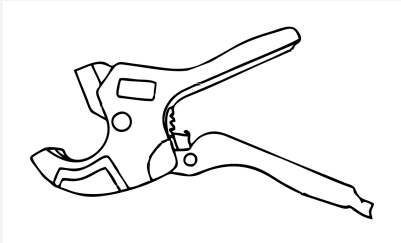

Technical specifications

Parameter	Value
Model	PPC-42
Blade	SK5 steel with Teflon coating
Mechanism	Ratchet
Cutting diameter	Up to 42 mm; rigid plastic pipes: from 3 mm
Dimensions	210 × 90 mm

How to use

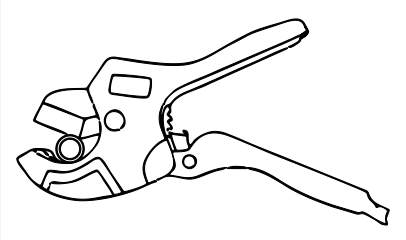

In winter, warm the pipe in lukewarm water before cutting.

Cutting the pipe

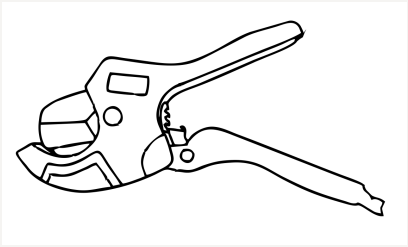

01 **Step 1**

Figure 1. Cutter open. Press the opening button with your thumb.

02 **Step 2**

Figure 2. Blade starting to close. Insert the pipe into the cutter and support it securely.

03 **Step 3**

Figure 3. Blade closing further. Squeeze the handles until the pipe is cut through. Rotate flexible PVC pipe while squeezing the handles.

Maintenance

After cutting

Remove debris from the blade and protect it with anti-corrosion oil, then close the cutter.

Cleaning and storage

Clean the body and handles with a soft, dry cloth. Store the cutter closed in a dry place, out of the reach of children and unauthorised persons.

Replacing the blade

01 When the blade is blunt, undo the two retaining screws on both sides of the blade and remove the blade.

02 Fit a new blade of the same type and tighten the retaining screws.

Service and documents

Before submitting a service request, prepare:

- Model - found on the product label and on the invoice.
- Serial number - if there is none, provide the production number (e.g. 11/2025), usually found on the underside of the product.
- Proof of purchase - an invoice or receipt from an authorised distributor.
- Description of the fault - what is happening, when it started and under what conditions.

You can submit a service request at wipcool.pl/serwis. You will also find the warranty terms there.
